

Response Report Summary 12.01.19 and 12.02.19 Wildlife Response Actions South 4 Group Fire

Activation:

On November 27, 2019, Wildlife Response Services, LLC (R. Murgatroyd) received a call from Rebecca Jaschek with TPC regarding an incident at the Port Neches, TX facility. Ms. Jaschek requested that WRS be on standby mode for any wildlife issues that may occur as a result of the incident at their facility. On November 30, 2019, Wildlife Response Services (WRS) received a call from Ernie Shirley with CTEH to ensure that WRS had received notification of the incident. Rhonda Murgatroyd contacted Heather Biggs with Texas Parks and Wildlife (TPWD) to inform her that Hope Davila with TCEQ had not observed wildlife impacts to date. On Nov. 30, 2019, WRS personnel are activated to assist in a wildlife planning role for this incident. This approval for activation is authorized by Mr. Jason Sanders with TPC. It was requested that R Murgatroyd and J. Riesinger report to the ICP in Beaumont, TX on Dec. 1, 2019. At the point of activation, no live, oiled wildlife had been observed.

Personnel & Resources Mobilized:

Rhonda Murgatroyd – Deputy Wildlife Response Manager
Joyce Riesinger – Wildlife Biologist – Wildlife Response Manager

Report Summary of Activities Conducted:

December 1, 2019

- R. Murgatroyd mobilize from Houston, TX to ICP in Beaumont. Arrived 1245.
- J. Riesinger mobilize from Pensacola, FL to ICP in Beaumont. Arrive at 1645.
- R. Murgatroyd conducted a survey of the area of impact.
- Wildlife responders initiated planning for wildlife operations.

December 2, 2019

- The wildlife hotline phone (409-239-4725) was activated this morning.
- J Riesinger maintained the wildlife hotline, and created a spreadsheet to log all calls.
- J Riesinger looked at facilities to determine suitability for establishment of a potential wildlife rehabilitation center. Once this determination is made, the address will be published to the wildlife management plan and included in the IAP for this incident.
